John McClure  
PO Box 18  
Royalston, MA 01368

Dear John:

Enclosed please find 4 copies of your original application. I think it would be simplest to reuse those forms and to add an addendum with the following elements:

- Andersen 400 Series Woodwright double-hung insert windows
- Double pane, low-E glass
- Permanent interior and exterior grilles (exterior grilles are ¾" wide), 6/6 or 3/3
- Wood frame (with description of the exterior finish).

and adding a copy of the Andersen Woodwright brochure (my version is older than yours).

I notice that my brochure includes a "stop cover" installed on the exterior frame. I am not sure if those are mandatory nor how they affect the look. Do they widen the appearance of the exterior trim board or are they mounted at the depth of the screen?

The next meeting of the HDC is currently scheduled for July 15<sup>th</sup> at 7:30 PM, as usual.

Sincerely,

Pierre Humblet,  
Secretary
